The diagram illustrates two design options for a 6-foot high wall. On the left, a person is shown standing next to a wall with a door and a window. The door is labeled with dimensions 17' 30" 36". The window is labeled with dimensions 24" T030". The wall height is indicated as 18" TO 20". On the right, another person is shown standing next to a similar wall. The door is labeled with dimensions 17' 30" 36". The window is labeled with dimensions 28" T030". The wall height is indicated as 18" TO 20". The diagram also includes a 'CEILING DESIGN' section with dimensions for the ceiling (8' TO 10'), wall height (7' TO 8' HEIGHT), and floor height (6' HEIGHT).
